GDP GROWTH (ANNUAL, %)	2.40
INFLATION (ANNUAL, %)	4.00
REFERENCE INTEREST RATE (ANNUAL NOMINAL %, YEAR-END)	4.50
EXCHANGE RATE (PESOS/DOLLAR)	923

* Average private forecasts as surveyed by Central Bank, October 2025.

Information

Chile at a Glance

Background

Background

Four main geographic areas with different economic activities:

- North (Atacama Desert): mining, principally copper and nitrates
- Central Valley, with Santiago (capital and seat of government) and Valparaíso (port and seat of Congress): manufacturing, agriculture, wine production and agribusiness
- South: forestry, salmon farming, fishing, agriculture and, in Concepción, petrochemicals and steel production
- Fjords and Tierra del Fuego: tourism, agriculture, fishing, gas and oil production, coal mining.

Background

The Chileans

Population: 20.2 millions (2025)

Language: Spanish

Literacy: 97% (2021)

Poverty: 6.5% (2022)

Life expectancy: 81,4 years (2024)

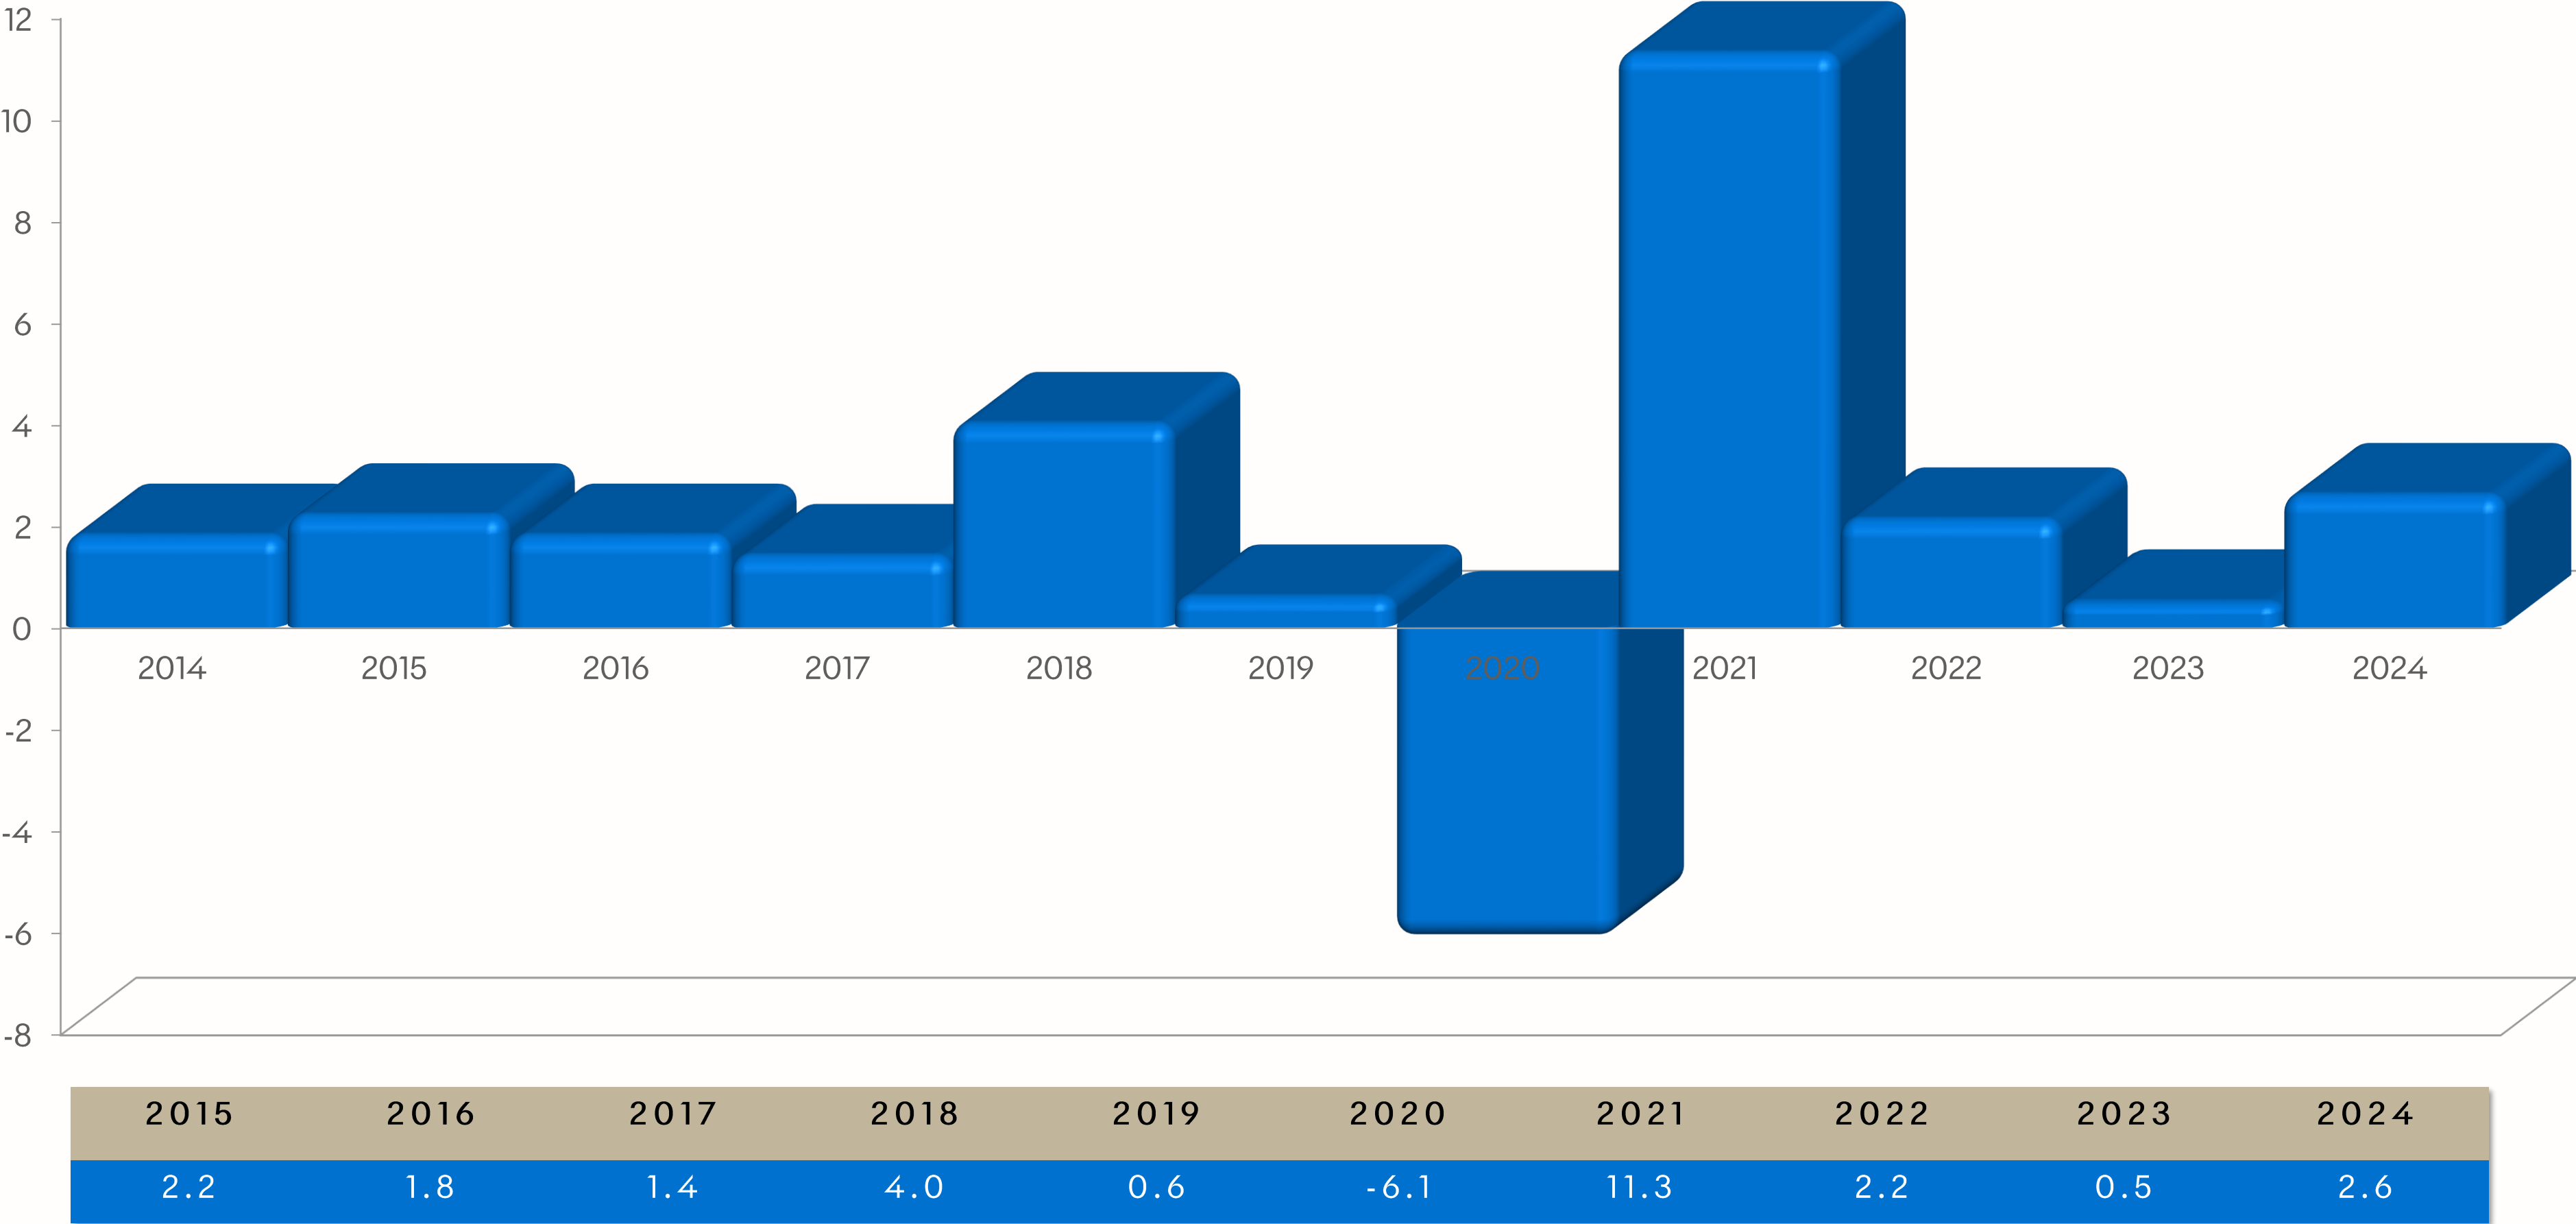

Indigenous population: 12.8%

Economy

Background

Source: Central Bank of Chile

GDP per capita (PPP) 2023 = US\$34,637*
Labour force = 10.2 millions

* Estimated by World Bank..

Background

Macroeconomic Framework

Monetary Policy:

Autonomous Central Bank, responsible for means of payment and price level

Inflation-targeting policy: 2%-4% over 24-month horizon

Overnight interest rate set in nominal terms at monthly monetary policy meeting.

Fiscal Policy:

Structural fiscal rule in force since 2001

Government spending tied to structural (non-cyclical) income

Non-cyclical income calculated on basis of trend growth and expected copper price over next ten years (both estimated by committee of independent experts).

Background

Macroeconomic Framework

Exchange Rate Policy:

Floating exchange rate since 1999

Central Bank retains right to intervene directly in foreign currency market in case of severe fluctuations

No capital controls.

Trade Policy:

Open economy

34 trade agreements with 65 countries, including Free Trade Agreements with main trading partners

Flat-rate tariff of 6% on imports from other countries.

Macroeconomic Framework

Background

FDI Policy:

The 2015 Foreign Direct Investment Law guarantees investors the right to transfer profits abroad, access to the foreign exchange market and non-discrimination versus local investors.

Semi-integrated tax system: corporate tax serves as credit against withholding tax

Double taxation avoidance agreements in force with 37 countries.
